DANCE STYLES

POM

Pom is a high-energy form of dance that incorporates the use of pom-poms—small, colorful handheld props. Dancers use the pom to accentuate movements, create visual effects, and add rhythm to routines, often set to upbeat music. It combines elements of a range of styles, with synchronised choreography and sharp, precise movements.

HIP HOP

Hip hop dance blends a variety of street-style elements. It incorporates moves like popping, locking, breaking, whacking, tutting, and freestyle. The style is dynamic and diverse, from intricate footwork to bold, energetic grooves, hip hop dance continues to evolve, reflecting the unique creativity and culture of its dancers.

JAZZ

Jazz dance is a dynamic and energetic style known for sharp, strong movements, including jumps, kicks, leaps, and turns. It's often seen in Broadway shows, musicals, music videos, and films. Jazz is athletic, powerful, technical, and expressive, offering benefits like strength, flexibility, coordination, and endurance, along with mental health improvements.

LYRICAL/CONTEMPORARY

Lyrical dance is emotional and expressive, blending ballet, jazz, acro, and contemporary styles. It's technical and controlled, with turns, jumps, and floor work. Using classical ballet and jazz as a foundation, lyrical connects movements to song lyrics, telling a story with grace, fluidity, and strong non-verbal communication. Dancers convey emotion through seamless transitions and expressive facial cues.

EXPECTATIONS & GUIDELINES

ATTENDANCE

Members of semi & elite competitive squads are required to have a high level of dedication to their team/s. As such, athletes are expected to attend every practice. Absences will be reviewed on an individual basis, however any more than **3 absences** without a valid explanation will be highly frowned upon and may result in changes to the athletes routine, or removal from choreography altogether. A master absence log will be kept throughout the year for record of all absences and the nature of each absence.

EXCUSED absences include but are not limited to:

- Family bereavement
- School related function that reflects a grade (e.g Final Exam)
- A contagious illness with a doctor's certificate

UNEXCUSED absences include but are not limited to:

- Work commitments
- Sickness, cramps
- Formals, birthday parties, concerts, family gatherings etc
- School projects/homework or test revision
- School sports practices or other events
- Holidays
- Appointments
- Withholding child from training as a form of punishment

PLANNED ABSENCES

If you/your athlete are planning to be away, we kindly ask that you notify the club by completing our absence form, which can be found on our website under the "2026 Information" tab. This will allow us to plan and ensure that all of our staff are notified.

Athletes MAY NOT be absent from training in the TWO weeks before a competition or from choreography clinic and may result in changes to the athletes routine, or removal from choreography altogether.

HEALTH & WELLBEING

While every care is taken to maintain the safest environment possible, parents and athletes need to note that cheerleading is a highly competitive and potentially dangerous sport, injuries do occur from time to time.

EXPECTATIONS & GUIDELINES

HEALTH & WELLBEING CONT.

The coach in charge will assess any athlete that is injured during training and the appropriate course of action will be taken. If deemed necessary, an ambulance will be called immediately. Any associated charges will be the responsibility of the athlete/parent. As such, Atomic Allstars Cheer highly recommends that every athlete have Ambulance Cover at all times. If deemed necessary, a parent or emergency contact will be called to pick up the athlete and seek medical advice (doctor, physio, etc.). If deemed appropriate, an athlete will be allowed to return to training after taking a time out.

If an athlete suffers a short-term injury whereby they cannot participate in general training, they will still be expected to attend every training session and participate where appropriate (e.g. strength/conditioning, choreography, etc). If an athlete suffers a long-term injury, they may be replaced as needed by a fill-in athlete for the required number of competitions. An athlete with a long-term injury must discuss with their coach an appropriate time to return to training once their injury has healed. A doctor's certificate may be required. If any athlete is injured outside of training please notify reception immediately so your coach can plan for any training absences.

All athletes will have a Medical Form & Waiver to fill in as part of your membership forms. If any medical information changes throughout the year, reception must be notified in writing by emailing info@atomiccheerleading.com.au. If Atomic Allstars Cheer is not made aware of updated medical information we cannot be held responsible for lack of treatment or any wrongly administered treatments.

If you/your child would like to keep medication (eg. epipen) on site for any on-going conditions, please make sure all medication is clearly labelled with name & instructions.

BULLYING POLICY

Any athlete found to be engaging in bullying by any means, including but not limited to in person, via message or via social media, towards other athletes within the gym will be treated according to the following procedure:

- First offence: Meeting and formal warning.
- Second offence: 1 week suspension from the gym.
- Third offence: Indefinite suspension from training. A meeting will be held with the relevant parties (eg. parents) to see when and if the athlete returns to training at Atomic.

PAYMENT PROCEDURES

All class tuition, enrolment and competition bundle costs are non-refundable in the event of injury, sickness, dismissal, and non-attendance of classes by the athlete or discontinuation of a squad.

The Base Competition Fee Pack for your squad will be billed separately via an invoice however this can be added to your direct debit upon request. Atomic Allstars Cheer is not responsible for reimbursing travel expenses, competition fees or term fees to an athlete who is injured, sick, moved or dismissed from a team.

ATTENTION: JOINING AN ALLSTAR PROGRAM INCLUDES COMMITTING TO A FULL YEAR OF CLASSES & TUITION. FEES ARE NOT REFUNDABLE UNDER ANY CIRCUMSTANCES. PLEASE READ THE FOLLOWING TERMS SO YOU CAN MAKE AN INFORMED DECISION.

Enrolment fee MUST be paid upon commencing classes and a tuition Debit form completed by all customers prior to the commencement of their first class (with the exception of a free trial class). A tuition debit form is required to be completed at enrolment covering all tuition costs for the year up to and including December 2026. Athletes enrolling during the year will be required to pay fees from the month they join onwards with a reduction for their joining month (i.e. enrolling 15th April will mean April's payment will be 50% off the full monthly amount).

Payment plans require weekly direct debit payments for tuition. (fortnightly or monthly available upon request). Class tuition is a contract formed upon submission the enrolment document with direct debit payment agreement or pay upfront agreement. The contract start date is the date of recorded by the digital submission of the enrolment document by the customer who submits that form. The contract expires on the 31st of December 2026 OR once the full amount owed is paid. As part of our class tuition contract we allow a 21-day cooling off period from the class commencement date for customers to choose to cancel their tuition contract without any repercussions. After the 21-day period, customers have a legal obligation to fulfil their contract; all costs must be paid in full. Athletes may be released from the tuition contract early upon agreement with management and payment of a re-choreography fee in lieu of fulfilling the full financial terms of the contract.

FIRST YEAR CHEERSPORT & CHEERSPORT+ ATHLETE EXCEPTION: The tuition contract for first year cheersport/cheersport+ athletes allows for an extended cooling off period. These athletes must advise us in writing by no later than the Thursday 21st of March that they wish to cancel their tuition contract without any repercussions. After this date, first year semi competitive customers have a legal obligation to fulfil their contract; all costs must be paid in full.

Scheduled payments that fail to transact or bounce will result in a temporary loss of service to the athletes: they will be gently re-moved from classes until the payment is made. Failed payments will incur an automatic \$21.90 Failed Payment Fee. In addition to this each dishonoured debit payment will also attract a \$10 administration fee from Atomic to cover the time spent chasing up missed payments. If outstanding payments continue to fail to the point that we are required to pass the debt onto a debt collector, all debt collectors' fees will be added on top of the outstanding amount owed. In the event of serious injury or severe illness, debit payments may be suspended for athletes who are incapable of attending training for a period of time longer than 4 weeks. To suspend your payments, a suspension form will need to be filled in and submitted to the office to be approved along with a medical certificate outlining the terms of the reason for suspension including length of time.

Payment suspension requests cannot be backdated and can only be approved at the discretion of the Atomic Management team.
